

Umeed Child Sponsorship Programme changes the lives of hundreds of children every year. Our vision of creating a better world for underprivileged and socially deprived children works on the simple principle that the best way to change the life of a needy child is to provide him safe and supporting environment where the child lives! When you become a part of Umeed Child Sponsorship Programme, you will help a child break free from the clutches of poverty & gift child a future full of hope.

Our experience over the last 15 years has shown us that the best way of contribution in the life of a child which can have lasting effects is to provide him best learning opportunity. Child sponsorship creates a network of partners for building a self-reliant and sustainable community that brings out the best in every child.

A contribution of Rs.1000/- per month therefore ensures overall development of the child by providing him education, vocational training, clean drinking water, immunization against killer diseases and other health benefits. The long term goal is to make the child and his family self reliant so that the child and his family can continue to live with dignity even after Umeed and you decide to leave them.

As a sponsor, you get the satisfaction of being a very important part of this whole new world! You can keep in touch with your child through letters, telephone call and personal visits and become a unforgettable part of your child's world! Child sponsorship is therefore a long-term, meaningful relationship between you and a needy child!

Steps to Sponsor: 1

1. Select the child (visit the institute or send the email on umeedsociety@yahoo.com or give a call on +91 9815823678, +91 9254307545 and ask the details along with photograph of the child)
